

Residential Interior Design Concept

Wooden Theme - Sculptural

A Warm Minimalist Residence — Dubai

3 Bedroom Duplex
Jumeirah Lake Towers

Design Philosophy

This residence is guided by a single, cohesive vision: warm contemporary luxury that never feels cold or over designed. Every space — from the soaring double-height living room to the intimate powder room — shares a consistent material language of warm oak and walnut, veined natural stone, and brushed brass, unified by layered ambient lighting that traces ceilings, shelving, and floating furniture to create depth and warmth after dark. Fluted timber panelling recurs as a signature textural motif throughout the apartment, grounding each room while sculptural lighting fixtures and curated art introduce moments of personality and drama. Sweeping floor-to-ceiling windows keep the Dubai skyline ever-present, blurring the line between interior comfort and the city beyond, while soft neutral textiles, curated greenery, and thoughtful storage solutions ensure every space feels as livable as it is beautiful — resulting in a home that is calm, refined, and quietly luxurious from entry to bedroom.

Double-Height Living Room Elevator

KITCHEN

Wooden Contemporary Kitchen

This kitchen embraces rich walnut cabinetry paired with a veined marble backsplash and countertop, creating a warm, sophisticated cooking space. A fluted timber island panel, open display shelving with integrated lighting, matte black appliances and fixtures, and a sleek linear pendant light complete the refined, contemporary look.

Matte cream + warm oak cabinetry

Integrated Bosch oven, microwave & dishwasher

Backlit open display shelving

Marble Counter top with Barr style chairs for family breakfast

Dining

Warm Sculptural Living

This open-plan dining and kitchen space centers on a sculptural oval walnut table with soft upholstered chairs, framed by a striking sculptural pendant light and a playful wall-mounted art piece. Warm timber cabinetry, cove lighting, and a marble backsplash carry through into the adjoining kitchen and bar seating, creating a seamless, sophisticated flow across the space.

LIVING ROOM

Sculptural Double-Height Living

These two double-height living spaces showcase soaring ceilings anchored by sculptural statement lighting — from layered circular pendants to sweeping crescent forms — paired with playful oversized wall art that adds a sense of whimsy against warm timber-clad walls. A shared palette of rich wood tones, plush sectional seating, and floor-to-ceiling glazing ties the two spaces together, while a spiral or floating staircase and open display shelving reinforce the grand, gallery-like scale of the volume.

GUEST BATHROOM

Powder Room

This powder room combines a fluted timber accent wall with a backlit oval mirror and pendant light, creating a warm, sculptural focal point above the vessel sink. A wall-mounted toilet with concealed cistern, brushed brass fixtures, and layered ambient lighting complete this compact, spa-inspired space.

Backlit circular mirror

Brushed bronze fittings

Fluted feature tile at WC wall

MASTER BEDROOM

Primary Bedroom with Study Section

This bedroom pairs a cozy sleeping zone with a built-in workspace and full-height wardrobe, all wrapped in warm timber cabinetry and layered cove lighting. Open display shelving with integrated LED accents, a floating desk, and soft neutral textiles create a comfortable, highly functional retreat with expansive city views.

Upholstered headboard + ribbed panel wall

Floating oak media console

Sheer curtains with full skyline outlook

SECOND BEDROOM

Second Bedroom

This bedroom features a floating illuminated bed base and a floating oak media console with a wall-mounted TV, framed by a fluted timber accent wall and vertical pendant light. Warm cove lighting, layered curtains, a cozy armchair, and open display shelving with accent lighting create a serene, hotel-inspired retreat overlooking the Dubai skyline.

Floating oak media console

Sheer curtains with full skyline outlook

Third BEDROOM

Guest Bedroom

This bedroom pairs a cozy sleeping area with a built-in study nook, framed by dramatic floor-to-ceiling windows opening onto a private balcony with sunset skyline views. Fluted timber wall panelling, warm cove lighting, a floating desk with open display shelving, and soft neutral textiles complete this comfortable, multi-purpose retreat.

Sheer curtains with full skyline outlook

EN-SUITE BATHROOM

Master Walk-In Shower

This bathroom creates a cocooning, spa-like feel with fluted timber wall panelling and a backlit oval mirror casting a soft ambient glow above the vessel sink. Brushed brass fixtures, a pendant light beside the mirror, and a walk-in glass shower with an illuminated recessed niche bring warmth and quiet luxury to a compact footprint.

Frameless glass walk-in shower

Rain shower + handheld brushed-bronze set

Backlit recessed shower niche

Master bedroom

Wardrobe

This walk-in closet features rich walnut cabinetry with integrated LED shelf and drawer lighting, offering a warm, functional space for hanging storage and drawers. Its layout frames a view straight through to the bedroom beyond, connecting the two spaces with a shared minimalist, city-view aesthetic.

CORRIDOR

Warm Welcome Entryway

This entryway sets a warm, inviting tone with a fluted timber wall panel and vertical LED sconce framing the front door, paired with a floating console for everyday essentials. Gallery-style botanical art, a woven jute rug, and layered greenery and ceramics add texture and warmth, while soft cove lighting throughout keeps the space glowing and welcoming.
